RE: DOGM Notice of Intention S/003/052  
ML 48357-MP and ML 46649-BLS

Dear Mr. Sagers,

This letter is to advise you that the notification requirements of the Trust Lands Administration are not satisfied by your recent Notice of Intention filed with the Division of Oil Gas & Mining. I am enclosing an information sheet to assist you in complying with the notification requirements of the Trust Lands Administration. A reclamation bond is required for all proposed surface disturbances.

Also, it is noted that ML 46649-BLS is held in the name of John Hechtle. You may not file a notification with the Trust Lands Administration for this lease or enter upon the leased lands until you are formally designated an operator through written notification from Mr. Hechtle.

Sincerely,

John T. Blake  
Mineral Resources Specialist
